

League Secretary's Report for 2014/15

It was a very exciting season with lots of close relegation and promotion battles. Some teams were even involved for a while in both at the same time!

Congratulations to the Divisional winners, who received their prizes at the RRM.

There were a handful of issues that cropped up during season, which led to me reviewing the rules with Dave Griffiths and Drag Sudar.

That meeting, in turn, resulted in a few tweaks to the rules that were passed at the RRM and hopefully should help avoid these issues recurring - or at least make the resolution of them clearer!

I would reiterate what I said last year, that in the interests of diversity, it would be better to get some "new blood" into the running of the Association. As such, I would be happy to relinquish this role to someone else.

I'm sure that both I and previous LS Drag Sudar would be very happy to help with advice if that someone is willing to step forward?

Steve Burke

League Secretary
