

Amendment to C4

Change to read:

"C4. No player may play for a club lower team if he has previously in the same season, played twice for higher teams other than on the bottom two boards played , or won by default. If a club has more than one team in the first division , each such team shall be considered the higher team for the purposes of this rule."
"

A brief rationale (we'll expand before RRM meeting):

- I. We undertook/indicated to re-vote on C4 this Summer, after a year given the last minute nature and route of it last year at Rrm (so it could be dealt with and checked more usually).
- II. The second sentence has a not totally dissimilar path too, and was only struck out in last couple of years. It stood from the eighties to about 2013, and the (understandable) reason for it to be altered/watered down from the meeting has now apparently disappeared.

(Alright to consider amendment proposal on the day as per mandatory rrm process to include the bottom three boards in bottom divisions (as current) if all/most clubs wants to keep that detail).

Proposed : Chris Budd (West Bridgford Sec., Lmc)

Seconded: Ken Morrison + Mansfield CC
